JOIN OUR TEAM NOW!

Why Premier?

- ✓ **Excellent Pay and Benefits:** Our full-time positions offer competitive compensation and comprehensive benefits packages.
- ✓ **Flexible Scheduling:** Choose from either three 12-hour shifts or two 24-hour shifts per week, providing you with work-life balance.
- ✓ **Greater Take-Home Pay:** Earn more with overtime opportunities after 8 hours, maximizing your income potential.
- ✓ **Cutting-Edge Equipment:** Work with state-of-the-art Critical Care Transport (CCT) equipment, ensuring you have the tools you need to deliver exceptional care.
- ✓ **Job Satisfaction:** Transport the sickest patients requiring immediate care, fostering greater patient interaction with a focus on one patient at a time.
- ✓ **Professional EMT Crews:** Join a team of dedicated professionals with a strong team mentality and supported career progression.
- ✓ **Structured Onboarding Process:** Benefit from a deliberate and structured onboarding process, including general orientation, CCT orientation, preceptor shifts, and training validation interviews.
- ✓ **Professional Training/Education:** Access regular case study reviews, in-house ACLS/PALS certification, and ongoing skills validation and training to enhance your expertise.

Experienced ER or ICU Nurse?

At Premier, our CCT-RNs are transport professionals, collaborating closely with a seasoned team of two EMTs on ground ambulances. We excel in transporting acutely ill or injured patients who require a higher level of care or specialized services, spanning from trauma to pediatrics, stroke to STEMI, and beyond. Our expertise extends to managing complex cases such as burn injuries, aortic dissections, ECMO, Impella, Balloon Pump, and more.

We undergo rigorous training to proficiently utilize advanced medical equipment, including cardiac monitors, arterial line monitoring, transport ventilators, advanced airways, transport IV Pumps, and high-flow nasal cannula delivery systems.

As expert decision-makers, we operate under the guidance of MD orders and standing directives from our Medical Director, ensuring swift and effective patient care delivery. Our work aligns closely with the highest level of our scope of practice, making it an ideal launching pad for those aspiring to advance into roles such as Flight Nurse or Nurse Practitioner.
